Keeping Herself In Hosiery

Is a big Problem for a Woman

UNTIL SHE WEARS PHOENIX HOSIERY

There isn't a woman in the world who isn't acquainted with stockings—completely and wholly.

In nine cases out of ten her acquaintance dates from the time she buys a pair of silk stockings and continues through the whole series of darning, until she concludes that life is just one darned stocking after another.

But!—and this important—Phoenix Silk Hose will take stockings off her mind, because they're made from pure-thread Cocoon Silk, not just common ordinary spun silk, with reinforced toe, heels and soles.

All colors—all sizes.

THE NEW SILK CREATION

TAL-LY-HO

It is an absolutely new silken weave. It has never before been produced.

TAL-LY-HO has been created to answer the peculiar demands for outdoor wear for the spring and summer seasons of 1921. No wardrobe can be considered correct-to-the-moment unless it has Tal-ly-ho represented in it.
